

MIDDLE SCHOOL LEAP RESPONSE – TEAM EVENT

TEAM INFORMATION

Team ID:

Competitive event: Website Design

1. COMPETITIVE EVENT LEADERSHIP EXPERIENCES

How did your team apply one (1) or more of [The Student Leadership Challenge](#) Practices to this competition? (100 to 200 words)

The Model The Way Practice was one of the many Student Leadership Challenge practices that we demonstrated in the middle school TSA Web Design event. We did this first when we created a group contract for our team. This contract went over our role in the group, our duties as partners in the group, and due dates for our duties in the group. This shows the part of Model the Way which states “I spend time making sure the people behave consistently with the principles and standards that we agreed on. We also show that by having each team member sign on the contract, and signing when we are finished with our duties. If a person does not support the values we have agreed upon, then we can fire them from our group and they will not be able to compete with us any more.

2. NON-COMPETITIVE EVENT LEADERSHIP EXPERIENCE

How did members of your team apply one (1) of *The Student Leadership Challenge* Practices to a leadership activity in one (1) of the following categories: *Leadership Roles; Community Service/Volunteer Experiences; Career Planning?* (50 to 100 words)

Tyler and Andreas both model the way in the National Junior Honor Society by showing exemplary behavior. When it is time to be quiet they are always the first members to be quiet, and get other to be quiet. Tyler ran for treasurer and won by a landslide. During any activity they try to lead by example. When rushes to snack they always make a single file line, so that the group is nice and orderly for the teachers that willingly give up their time to lead the club. When the club gets out of hand they keep order.
